

Full name: Reza Mohammadi

Title: Faculty Member of Tehran Medical Sciences, Islamic Azad University

E-mail: R.Mohammadi.bio@gmail.com

Nationality: Iran

Place of birth: Tehran

ID number: 0035889322

Sex: Male

Date of birth: 1965/ 01 / 23

Passport number: H60697681

Tell: +98 9126155063

Languages: Persian, English

Educational qualifications:

Degree	Title	University name, country	Start date-end date
Doctora	Medical Laboratory Sciences and Diagnosis	Tehran University of Medical Sciences & Health Services- Iran	1988/09/23 – 1993/06/06
PhD	Clinical Biochemistry	Tehran University of Medical Sciences & Health Services- Iran	1995/09/23 – 1999/03/15

Job & Clinical experiences:

Job title	Institution name - country	Start date-end date
Faculty Member (Associate Professor)	Faculty of Medicine, Tehran Medical Sciences, Islamic Azad University – Iran	1999/08/23 – Continued
Lab Director	White Medical Diagnosis Laboratory – Iran	2010/09/06 – Continued
Secretary of the Biochemistry Board	External Quality Assessment Program (EQAP) – Iran	2008/06/22 - Continued

Presentation:

Title	Country	Year
Intra-laboratory Integration of Allowable Errors	Iran	2025
Harmonization of Medical Laboratory Test Results	Iran	2025
Integrated quality management system: Knowledge and Tools	Iran	2025
External Quality Assessment Program (EQAP): Are Biochemistry Samples Appropriate for Harmonization?	Iran	2024
Within-Laboratory Harmonization of Measurement Procedures: A Worked Example	Iran	2023
Between-Laboratory and Within-Laboratory Harmonization of Measurement Procedures	Iran	2023
Direct Method for Determination of Reference Interval and Its Challenges	Iran	2022
Interlaboratory (Peer-group) Program: Advantages and Challenges	Iran	2021
New Findings in Cardiac Diseases: Cardiac Markers and Their Applications	Iran	2021
Comparison and Evaluation Eleven Formulas for Calculating LDL-C: Are the Results of Calculating LDL-C Valid Clinically?	Iran	2019
Different Formulas for Estimation of Glomerular Filtration Rate: Advantages and Limitations	Iran	2019
Laboratory Challenges of Measuring Sex Hormones During Puberty	Iran	2018
Doing the Right Internal Quality Control Right	Iran	2018
Comparison of Seven Common Vitamin D Measuring Methods in Iran	Iran	2018
Standardization of Methods for Determining Glycosylated Hemoglobin (HbA1c)	Iran	2017
Evaluating Performance of Creatinine Measuring Methods in Iran According to Results of External Quality Assessment Program	Iran	2016
Creatinine Measurement: Comparison of Results of Five Commonly Used Kits in Iran	Iran	2016
Evaluating Performance of Urine Protein Measuring Methods in Iran According to Results of External Quality Assessment Program	Iran	2016
Urine Protein Measurement: Comparison of Results of Five Commonly Used Kits in Iran	Iran	2016
Comparison of Estimated Glomerular Filtration Rate (eGFR) among Three Formulas	Iran	2015
HbA1c Measurement: Comparison of Results of Five Commonly Kits in Iran	Iran	2015
Effects of Analytical Goals on Evaluating Performance of HbA1c Measuring Method	Iran	2015
HbA1c External Quality Assessment: Commutable vs Noncommutable Samples	Iran	2015
Improving of PSA Efficiency in Screening and Early Detection of Prostate Cancer	Iran	2014
Laboratory Markers of Increased Risk of Coronary Heart Disease	Iran	2013
Clinical Evaluation of Laboratory Tests	Iran	2012
Analytical Evaluation of Laboratory Tests	Iran	2012

Skills:

Quality Management System in Clinical Laboratory
Verification and Validation of Methods
Internal Quality Control Planning
External Quality Control Assessment and Inter-laboratory Program
