

**Name:** Farzaneh

**Surname:** Azizmohseni

Biotechnology Department,

Iranian Research Organization for Science and Technology (IROST),

**Telephone / Fax No.:** +98(228) 227-5510

**E-Mail:** [mohseni@irost.ir](mailto:mohseni@irost.ir)

### **Education**

- 1989-1995 DCLS, Doctorate degree in Medical Laboratory Science  
Shahid Beheshti University of Medical Sciences, Tehran, Iran.
- 1983- 1986 Medical Laboratory Science  
Isfahan University of Medical Sciences, Isfahan, Iran.

### **Employment History**

- 1998-present Director of Persian Type Culture Collection (PTCC I, WDCM 124)
- 2002-2014 Microbiology consultant of Shafa-e Sari pharmaceutical company

### **Professional Membership**

- 1996-present Faculty member of Biotechnology Department, IROST
- 1995-present Member of Iranian Medical Council

### **Executive positions:**

- 1- Head of the Persian Type Culture Collection, 1997 to present
- 2- Member of the Board of Biotechnology Faculty; Iranian Organization for Science and Technology, 2005 to present
- 3- Member of the Kharazmi International Award, biotechnology Jury committee, 2003 to present
- 4- Member of the IVD Jury committee, office of Health Technology Development, Ministry of Health, Treatment and Medical Education, 2014 to 2019
- 5- Member of the Genetic and Biological Resources Working Group, The Vice Presidency for science and technology, 2010 to 2021

## Research Involvement

- Biodiversity of lactic acid bacteria in food related ecosystems
- The diversity of sourdough starter microbiomes
- Isolation and identification of potent biosurfactant producing bacterial strains from oil contaminated soils in Masjed soleyman oil field
- Isolation and identification of saprophyte yeasts for biocontrol of aflatoxin
- Screening of Lovastatin producer fungi
- Study of antibacterial activity of newly designed recombinant proteins

### Congress presentations:

- 1- An engineered endolysin with binding ability to *Acinetobacter Baumannii* outer membrane. Noura H., Bakhtiari N., **Azizmohseni F.**, Amini-Bayat Z. The 1th International Conference on Science and Technology. (February 25-26, 2024, Iranian Research Organization for Science and Technology, Iran)
  - 2- Evaluation of the CHAPK -SH3b endolysin effect on different strains of *Staphylococcus* by plate lysis assay. Ahmadbeigi Y., Soleimani N., **Azizmohseni F.**, Amini-Bayat Z. The 24th Iran's International Congress of Microbiology. (September 18-20, 2023, Iranian Research Organization for Science and Technology, Tehran, Iran)
  - 3- Microalgae Polysaccharide: A Promising Natural Food Supplement Source. Mousavian Z. Safavi M., **Azizmohseni F.**, Hadizadeh M. Mirdamadi S. The 4th international and 29th National Iranian Food Science and Technology Congress. (May 2-3, 2023, Iranian Research Organization for Science and Technology, Iran)
  - 4- New endolysin against *Acinetobacter baumannii*: antibacterial effect. Noura H., Bakhtiari N., Azizmohseni F., Amini Bayat Z. The 23rd Iran's International Congress of Microbiology. (August 30-September 1, 2022, Tehran University of Medical Sciences, Tehran, Iran)
  - 5- Evaluation of 3 antibacterial peptides cytotoxicity on MCF-7 cell line. Bakhtiari N., Hadizadeh M.
- Azizmohseni F.** The 22<sup>th</sup> National and 10<sup>th</sup> International Congress on Biology. (August 31-September 2, 2022, Shahrekord University, Shahrekord, Iran)

- 6- Optimization of ammonium sulfate precipitation of a chimeric peptidoglycan hydrolyzing Enzyme. Ahmadbeigi Y., Soleimani N., Azizmohseni F., Amini-bayat Z. Iran's 22<sup>nd</sup> International virtual congress of Microbiology (August 28, 2021, Tehran University of Medical Sciences)
- 7- Treatment of Drug-Resistant *Staphylococcus aureus* by Double Acting Peptidoglycan Hydrolyzing Enzyme. Amini-bayat Z., Noori A., Mirdamadi S., **Azizmohseni F.**, Arab S. Sh. The 1<sup>st</sup> International Hybrid Mode Conference. (August 11-12, 2021, Kohat University of Science and Technology (KUST), Kohat, Pakistan)
- 8- Design & expression of a new artilysin against antibiotic resistant *A. baumannii*. Bakhtiari N., **Azizmohseni F.** The 12<sup>th</sup> National and 4<sup>th</sup> International Biotechnology Congress of Islamic Republic of Iran. (August 22-24, 2021, Tehran, Iran)
- 9- Different effects of bacterial host strains and inducers on expressing of two recombinant antibacterial protein. Homa Noura, Nahid Bakhtiari, **Azizmohseni F.**, Zahra Amini-Bayat. The 21<sup>th</sup> National and 9<sup>th</sup> International Congress on Biology. (February 16-18, 2021, Semnan University, Iran)
- 10- Biosafety assessment of probiotics. **Azizmohseni F.** Oral presentation; The 21<sup>th</sup> International Congress of Microbiology of Iran (November 16, 2020, Tehran, Iran)
- 11- Screening of Iranian strains of *Ganoderma lucidum* in removing malachite green dye in solid culture medium. Taiair S., Shokrolahzadeh S., Khandan N., Asghari Z., **Azizmohseni F.** Safavi M., Keypur S. The 3<sup>rd</sup> International and 11<sup>th</sup> National Biotechnology Congress of Islamic Republic of Iran (September 1-3, 2019, Razi Conference Center, Tehran, Iran).
- 12- Evaluation of antibacterial activity of three different extracts of *G. appalanatum* and *G. adspersum* collected from North of Iran. The 8<sup>th</sup> National Congress on Medicinal Plants (April 24-25, 2019, Tarbiat Modares University, Tehran, Iran)
- 13- Removal of malachite green dye from aqueous medium by a native Iranian strain of *Ganoderma lucidum*. Taiair S., Shokrolahzadeh S., Khandan N., Asghari Z., **Azizmohseni F.** Safavi M., Keypur S. The 3<sup>rd</sup> International and 11<sup>th</sup> National Biotechnology Congress of Islamic Republic of Iran (September 1-3, 2019, Razi Conference Center, Tehran, Iran).
- 14- Distribution and deposit of biological resources in BRCs. **F. Azizmohseni**, 19<sup>th</sup> International Congress of Microbiology, School of Medicine, Tehran University of Medical Sciences, Iran, 4-6 Sep. 2018
- 15- The study of antibacterial activity of laccate *Ganoderma* collected from Hyrcanian forests. S. Keypour, **F. Azizmohseni**, M. Safavi, S. Mahmoodnia, S. Shokrollahzadeh. 1<sup>st</sup> International Congress and 2<sup>nd</sup> National Conference on Biotechnology of Medicinal Plants and Mushrooms, University of Zanjan, 27-28 Aug 2018, Iran
- 16- The role of BRCs in providing infrastructure for biotechnology and microbial research. **Azizmohseni F.**, New approaches and concepts in Microbiology, Lahijan University, Iran, 24-25 Feb. 2016 (Oral presentation)
- 17- The Role of BRCs in providing biological validated materials for medical diagnosis. **Azizmohseni F.**, The 7<sup>th</sup> International & 12<sup>th</sup> National Congress on Quality improvement in Clinical laboratory. 17-20 April 2014, Tehran, Iran (Oral presentation)
- 18- Challenges ahead of the biological resources centers. **Azizmohseni F.**, The National congress on genetic and biological resources, Royan Institute, Tehran, Iran 22-23 Feb. 2011 (Oral presentation)

- 19- Study of antimicrobial effect of nisin, encapsulated nisin in liposomes and *Lactococcus lactis* as a nisin producer on food borne pathogens. Mirdamadi Saeed, Agha Ghazvini Shadi, Fallahpour Masoud, **Azizmohseni Farzaneh**, International Conference on Food Innovation. 25-29 October 2010, Valencia, Spain. (Abstract)
- 20- Case study on *Aspergillus flavus* and *A. parasiticus*. **Azizmohseni F.**, Microbial Commons Workshop. 25-26 February 2009, Brussels, Belgium.
- 21- Isolation and identification of bacteriocin producer *Lactobacilli*. Mirdamadi S., Tangestani M., **Azizmohseni F.**, Amirmozafari N., The first National Functional Food, Tarbiat Modares University, Tehran, Iran 14-15 Mar., 2008
- 22- An activated sludge process to reduce the pollution load of a petrochemical wastewater, Shokrollahzadeh S., Golmohammad F., **Azizmohseni F.**, Shokouhi H., The 18<sup>th</sup> International Congress of Chemical and Process Engineering, 27-31 August 2008, Praha, Czech Republic. (Abstract)
- 23- Screening of *Lactobacillus* strains for bio-preservative production and probiotic activities from Iranian yogurt. S. mirdamadi, F. Azizmohseni, M. fallahpour, M. Tangestani, 10<sup>th</sup> European Nutrition Conference, July 10-13, 2007, Paris, France. (Poster)
- 24- The Potential of a Yeast, *Pseudozyma fusiformata* Strain Y76 to Control *Aspergillus flavus* for Reducing Aflatoxin in Pistachio, **Azizmohseni F.**, Afsahhejri L., Azar M., The 11<sup>th</sup> International Conference of Culture Collections, 7-12 October, 2007 Goslar, Germany. (Oral Presentation, Full paper)
- 25- Preliminary study to use saprophytic yeasts as biocontrol agents against *Aspergillus flavus* in pistachio, Afsahhejri L., Azar M., **Azizmohseni F.**, International Conference on Innovations in Food and Bioprocess Technologies, 12-14 December, 2006 Bangkok, Thailand. (Oral presentation, Full paper)
- 26- Optimization of lactic acid production by immobilized cells of *Lactobacillus casei* *supsp. casei*, Mirdamadi S., Atashgahi S., Roayayi M., Rajabi A., **Azizmohseni F.**, Hamed J., The 8<sup>th</sup> National Congress of Microbiology, 23-25 May 2006, Isfahan, Iran. (Abstract)
- 27- Pilot plant production of lactic acid in media containing ruptured *Saccharomyces cerevisiae* by STR, Mirdamadi S., Rajabi A., **Azizmohseni F.**, Atashgahi S., The 8<sup>th</sup> National Congress of Microbiology, 23-25 May 2006, Isfahan, Iran.
- 28- Screening of saprophytic yeasts as biocontrol agents against *Aspergillus flavus* in pistachio. Afsahhejri L., Azar M., **Azizmohseni F.**, The 16<sup>th</sup> Congress of Food Industry, 12-13 April 2006, Gorgan, Iran. (Oral presentation)
- 29- Recovery of L (+)-lactic acid by precipitation and anion exchange chromatography, Mirdamadi S., Beikmohamadi L., Rajabi A., **Azizmohseni F.**, The 4<sup>th</sup> National Biotechnology Congress, , 15-17 August, 2005 Kerman, Iran.
- 30- Fed batch production of L(+) *lactic acid* by *Lactobacillus casei* *ssp. casei* in stirred tank reactor (STR), Mirdamadi S., Rajabi A., **Azizmohseni F.**, The 4<sup>th</sup> National Biotechnology Congress, , 15-17 August, 2005 Kerman, Iran. (Abstract)
- 31- Utilization of molasses for economical L(+) lactic acid production by fed- batch fermentation of *lactic acid* by *Lactobacillus casei* *ssp. casei* PTCC 1608, Mirdamadi S., Beikmohamadi L., Rajabi A., **Azizmohseni F.**, The 4<sup>th</sup> National Biotechnology Congress, 15-17 August, 2005 Kerman, Iran. (Abstract)
- 32- Self-sterilization of lactic acid and effect of CO<sub>2</sub> and H<sup>+</sup>, Mirdamadi S., Rajabi A., **Azizmohseni F.**, The 4<sup>th</sup> National Biotechnology Congress, 15-17 August, 2005 Kerman, Iran. (Abstract)

- 33- Stability of *Aspergillus ficuum* phytase in different preservation methods and its formulation with bran for adding to poultry diet, Hosseyni pajoo K., Sharifi N., Mirdamadi S., **Azizmohseni F.**, The 4<sup>th</sup> National Biotechnology Congress, 15-17 August, 2005 Kerman, Iran. (Abstract)
- 34- Continuous degradation of Formaldehyde by Immobilized isolated bacteria, Mirdamadi S., Rajabi A., Azizmohseni F., Akbarzadeh A., Khalilzadeh P., Vaez J., 1<sup>st</sup> International Conference on Environmental, Industrial, and Applied Microbiology (BioMicroWorld 2005) March 15-18<sup>th</sup> 2005, Badajoz, Spain. (Abstract)
- 35- Screening of Hexamine degrading bacteria, Mirdamadi S., Rajabi A., **Azizmohseni F.**, Akbarzadeh A., Khalilzadeh P., Farahmand B., 1<sup>st</sup> International Conference on Environmental, Industrial, and Applied Microbiology (BioMicroWorld 2005) March 15-18<sup>th</sup> 2005, Badajoz, Spain. (Abstract)
- 36- Batch and fed batch production of L (+) Lactic acid by stirred Tank Reactor, Mirdamadi S., Rajabi A., **Azizmohseni F.**, Farzi M., Sharifi N., The 2<sup>nd</sup> Congress on Applied Biology (international approach), 29-30 sep., 2004 Mashhad, Iran.
- 37- Evaluation of optimized conditions of lactic acid production using taguchi method by *Lactobacillus casei* subsp. *casei*, Mirdamadi S., Beikmohamadi L., Rajabi A., **Azizmohseni F.**, Farzi M., The 2<sup>nd</sup> Congress on Applied Biology (international approach), 29-30 sep., 2004 Mashhad, Iran.
- 38- Lactic acid production by immobilized *Lactobacillus casei* subsp. *casei*, Mirdamadi S., Farzi M., Rajabi A., **Azizmohseni F.**, Sharifi N., The 2<sup>nd</sup> congress on applied biology (international approach), 29-30 sep., 2004 Mashhad, Iran.
- 39- Optimization of phytase production by *Aspergillus ficcium*, Sharifi N., Hosseynipajoo Kh., Mirdamadi S., **Azizmohseni F.**, The 2<sup>nd</sup> congress on applied biology (international approach), 29-30 sep., 2004 Mashhad, Iran.
- 40- Comparison of lactic acid production by free and immobilized *Lactobacillus casei*, Mirdamadi S., Farzi M., Rajabi A., **Azizmohseni F.**, Sharifi N., 12<sup>th</sup> Iranian Biology Conference, 31 Aug -2 sep, 2004 Hamadan University.
- 41- Batch and fed batch production of L (+) lactic acid by *Lactobacillus casei* subsp *casei*., in stired tank reactor, Mirdamadi S., Rajabi A., **Azizmohseni F.**, Farzi M., Sharifi N., 12<sup>th</sup> Iranian Biology Conference, 31 Aug -2 sep, 2004 Hamadan University.
- 42- Partial purification and catalytic characterization of phytase enzyme of *Aspergillus ficcum*., Hosseinypajoo Kh., Sharifi N., Mirdamadi S., **Azizmohseni F.**, 12<sup>th</sup> Iranian, Biology Conference, 31 Aug -2 sep, 2004, Hamadan University.
- 43- Production of L (+) Lactic acid from Sugarcane molasses by *Lactobacillus casei* ssp. *Casei* strain PTCC 1608, Mirdamadi S., Beikmohamadi L., **Azizmohseni F.**, 7<sup>th</sup> Iranian Microbiology Congress, Semnan University of Medical Sciences, Iran 2 -4 Feb., 2005.

## Research projects

### Principal investigator:

- 1- Isolation of Microorganisms involved in MEOR from Masjid Soleyman Reservoir (2007-2009)
- 2- Using Molecular techniques for authentication of microbial strains (2009-2011)
- 3- The biologic properties of different *Ganoderma* strains isolated from Hyrcanian Forest (2017- 2022)

4- Isolation and identification of sourdough microbiota. (2019-present)

#### **Co-Investigator:**

1- Study on production of lovastatin by *Aspergillus* strains isolated from different ecosystems (2003-2005)

2- Human calcitonin gene expression using patatin classI specific promoter and signal peptide in transgenic potato plants t. (2005-2007)

3- Design and development of a biofilter for hydrogen sulfate absorption (2006-2008)

4- Isolation and identification of microorganisms from Abadan petrochemical wastewater treatment plant (2006-2007)

5- Lab scale production of yoghurt starters (2009-2010)

6- Characterization of PAH-degrading microorganisms isolated from Abadan petrochemical wastewater treatment plant (2009-2010)

7- Study on Lactic acid bacteria in yogurt starter cultures. (2008-2010)

8- Study on microbial flora of Soroush and Nowruz oil fields in the Persian Gulf (2010-2012)

#### **Thesis Supervisor/ Consultant**

1- Isolation and Identification of Kombucha Microorganisms, Azita Namazi, Master's thesis. Islamic Azad University, Science and Research Branch

2- Isolation of Hexamine Decomposing Microorganisms, Puneh Khalilzadeh, Master of Microbiology, Islamic Azad University, Qom Branch

3- Isolation of Formaldehyde Decomposing Microorganisms, Afsaneh Rajabi, Master of Microbiology, Islamic Azad University, Qom Branch

4- Determination of the Chemical Structure of Two New Antivirals, Maryam Farzan, Doctor of Pharmacy, Islamic Azad University, Tehran, Faculty of Pharmacy

5- Control of *Aspergillus flavus* Growth by Saprophytic Yeasts to Reduce Aflatoxin Levels in Pistachios, Lili Afseh Hejri, Master's thesis, Shahid Beheshti University of Medical Sciences

6- Detection of bacteriocins produced by *Lactobacilli* strains and their antibacterial activity. Mehrnoush Tangestani Gholami, MSc, Islamic Azad University, Lahijan Branch

- 7- The effects of cheese-fermenting microorganisms on the aroma and flavor of tofu. Tahmineh Taghizadeh, MSc, Food Science and Engineering, Islamic Azad University, Sabzevar
- 8- Isolation and identification of phenanthrene-degrading bacteria from oil-contaminated marine sediments. Master's thesis, Islamic Azad University
- 9- Investigation of phage contamination of *Lactobacilli* isolated from Iranian dairy samples, Mona Bassmechi, Master's thesis, Islamic Azad University, Pharmaceutical Sciences Faculty, Tehran
- 10- Presentation of a suitable method for maintaining a persimycine producing strain, Leila Parvizi. Master's thesis Faculty of Science, University of Tehran
- 11- Evaluation of the antibacterial activity of MSC, a phage-derived chimeric endolysin, against *Staphylococcus aureus*, Sanaz Momen, MSc in Microbiology, Shahid Beheshti University.
- 12- Extraction, characterization and investigation of the inhibitory effect of extracellular polysaccharides of *Chlorophyta* sp. isolated from the Persian Gulf on *Helicobacter pylori*. Zahra Mousavian, PhD in Microbiology, Institute of Biotechnology, Iranian Organization for Science and Technology
- 13- Production and activity evaluation of a new three-domain chimeric endolysin against methicillin-resistant *Staphylococcus aureus*, Atefeh Noori, PhD in Microbial Biotechnology, Institute of Biotechnology, Iranian Organization for Science and Technology
- 14- Production and evaluation of a new fusion protein based on endolysin plyF307 and calxin N against *Acinetobacter baumannii*, Hama Noura, PhD in Molecular Cell Biology, Institute of Biotechnology, Iranian Organization for Science and Technology

#### **Collaboration in the development of ISIRI standards:**

- 1- Aseptic processing of health care products - Part 2: Filtering, ISIRI No.: 9414-2
- 2- Aseptic processing of health care products - Part 3: Freeze drying, ISIRI No.: 9414-3
- 3- Aseptic processing of health care products - Part 5: In-situ sterilization, ISIRI No.: 9414-5
- 4- Probiotic microorganisms - Characteristics and in vitro test methods: ISIRI No.:19459
